MINISTER BEAUPRE

The Cruiser Olympia Brings Him and His Wife From Cartagena to Colon.

WILL SAIL FOR NEW YORK TUESDAY

When the Olympia Anchored at Cartagena the Colombian Battery on Shore Returned the Salute.

Adm. Coghlan Paid An Official Visit to Dr. Jose Insignares, the Governor of Bolivar, and Was Well Received.

Colon, Dec. 29.—Adm. Coghlan's flagship, the cruiser Olympia, arrived here Monday afternoon from Cartagena, bringing A. M. Beaupre, United States minister, to Colombia and Mrs. Beaupre.

Minister and Mrs. Beaupre arrived at Cartagena from Bogota last Saturday and boarded the Olympia on her arrival Sunday afternoon. The Olympia immediately sailed for Colon. Minister Beaupre will sail for New York on the steamer Yueatan Tuesday.

The reception of the Olympia at Cartagena was friendly. The naval authorities here received instructions from Washington Christmas day not to send the cruiser Atlanta, the converted cruiser Mayflower and the gunboat Castine to Cartagena with the Olympia as previously projected.

The Olympia therefore sailed for Cartagena alone at daybreak last Saturday and arrived off the Boca Chica entrance to the big lagoon on which Cartagena is situated early Sunday morning. As the Olympia ran in toward the entrance she described the Colombian cruiser Cartagena four miles distant, making every effort to reach the entrance and to pass into the lagoon ahead of the Olympia, which she succeeded in doing.

The Olympia steamed slowly to the tortuous entrance between two old Spanish forts which apparently were deserted and found that the Colombian cruiser had taken up a position a short distance inside but commanding the entrance. It was learned subsequently that the Cartagena had grounded there and that later she was towed into port.

The Olympia passed the Colombian warship and proceeded to Cartagena, which is eight miles from the entrance.

Anchoring about a mile from the town the Olympia hoisted the Colombian flag at her main and fired a salute of 21 guns. Shortly thereafter the Colombian battery at the edge of the town returned the salute.

Adm. Coghlan then arranged to pay an official visit to Dr. Jose Insignares, the governor of Bolivar, which he did in the afternoon, accompanied by Capt. Harrison G. O. Colby. Both officers were in full dress uniform.

A big crowd gathered at the docks to meet Adm. Coghlan and Capt. Colby and it silently followed the carriage containing the officers through the streets to the palace, where another big crowd had assembled.

Gov. Insignares, surrounded by a large number of secretaries and aides, received Adm. Coghlan in the large salon of the palace to which the populace was admitted. The latter, however, were separated from the dignitaries by a railing.

Adm. Coghlan and Gov. Insignares exchanged the regulation formalities, the crowd listening attentively. The governor said he would return the visit immediately, whereupon Adm. Coghlan and his party returned to the Olympia.

The officers were in no way molested or annoyed by the crowd which followed them closely all the time. Neither by words nor looks did the populace display any hostility.

The Colombian battery fired a rear admiral's salute as Adm. Coghlan pulled off for the Olympia.

About 3 o'clock in the afternoon Gov. Insignares, accompanied by a numerous retinue, boarded the Olympia for the return visit and remained for 15 minutes. When the governor and his retinue were disembarking the Olympia fired a governor's salute of 17 guns and immediately thereafter hoisted the anchor and steamed out of the lagoon.

DESPERATE ENCOUNTER.

A Kentuckian Killed His Wife, Baby and a Teamster.

Mayking, Ky., Dec. 29.—Lying side by side at the home of Elijah Fields, of Big Cowan creek, seven miles below here, are the bodies of Mrs. Mary Shepherd, 38, wife of the desperado, William Shepherd, her 10-month-old babe and Riley Webb, 28, a teamster, killed in Monday morning's desperate encounter in the little Fields home. Curious crowds stalked into the house all forenoon in order to get a glimpse of the murdered trio. Crazy with strong drink during a protracted Christmas spree, Shepherd walked into the Fields home where his wife was rooming, and with no provocation, fired a bullet through Webb's body, entirely severing his spinal cord. Then he turned upon his own wife, Mary Shepherd, and fired at her, killing her almost instantly.

The same shot pierced the tiny form of his 10-month-old babe, which the mother carried in her arms. Shepherd, swinging his steel-ball gun in midair, stepped outside and disappeared, defying the officers.

The news spread, and immediately Deputy Sheriff Day and a dozen men were on the search for him. After a three hours' chase over the mountains, Day and his men ran on Shepherd in an outhouse in Black mountains, near the Virginia border, and effected his capture after a desperate resistance. He was manacled and taken to Whitesburg jail, amid intense excitement. It is rumored that a mob is being formed to lynch Shepherd.

EAST PARIS WRECK

It Is Now Believed Many Acts of Vandalism Were Committed Saturday Night.

MANY OF THE DEAD WERE ROBBED

Relatives of a Man Declared He Had Money, Yet Not a Nickel Was Found on His Body.

It Is Believed By the Friends of Bert Myers That His Body Was Robbed of \$100 and a Watch and Chain.

Grand Rapids, Mich., Dec. 29.—Gathered in a rubber blanket in a local morgue are the charred and dismembered remains of the 20th victim of Saturday's head-on collision on the Pere Marquette railroad near East Paris. So terribly disfigured is this last victim which was found at the scene of the wreck late Monday that in all probability its identity will never be positively affected.

The coroners were inclined to the belief that this body is that of a woman, but the railroad authorities say it must have been a tramp riding on the "blind baggage" car, as no woman passenger could, in their opinion, have been thrown where this body was found. It was the unmistakable odor of burned flesh that led the wrecking crew to a realization of the fact that another body lay under the wrecked engines where Engineer Stoddard and Fireman Burns, of the east-bound train, were found. When they had uncovered the remains of this additional victim they found only fragments of a human form. There were no arms or legs, only fragments of the skull and large bones, some teeth and most of the internal organs intact, but literally roasted.

Despite the extreme precautions and watchfulness of the Pere Marquette railroad officials and county officers, it is now believed that many acts of vandalism were committed at the wreck near East Paris Saturday night and that ghouls despoiled bodies of the dead.

Coroner Hilliker stated Monday that nothing of any value whatever was found by him when he searched the dead and that he is satisfied that ghouls robbed the remains either while they were in the wreck or were being carried into baggage cars to be brought to this city.

Relatives of Lon J. Baldwin declare he had between \$50 and \$60 in his possession when he left this city Saturday afternoon, yet not so much as a nickel was found in his clothing.

It is believed by relatives of Bert Myers, of Lake Odessa, that his body was robbed of \$100 and a watch and chain.

Mrs. L. J. Baldwin is known to have had \$20 in her possession when she left Grand Rapids.

Sums of money ranging from \$10 to \$50 are missing from bodies of victims who are known to have been carrying money.

Sheriff Chapman is authority for the statement that a gang of men was fought off the relief train when it left Grand Rapids, but the sheriff believes that these men managed to get back on the train unnoticed.

ATTEMPTED LYNCHING.

A Mob Gathered Around the Jail at Council Bluffs.

Council Bluffs, Ia., Dec. 29.—An attempt was made Monday night to lynch George Williams and Neely Zimmerman, two colored men, charged with having committed an assault upon Mesdames Sanders and Stark last Friday night. The men were in court Monday, where they were identified by the women, after which they were held to the grand jury that convenes next week.

Monday night a mob of 500 people, men and boys, gathered about the jail where they were confined, and demanded that they be turned over by the officers. The demand was refused. Until midnight the mob increased in numbers until there were at least 1,000 men yelling and battering at the jail doors with clubs. Several times the police charged the mob, but they were unable to break it up. Just after midnight, armed with a bar of railroad iron, a dozen men commenced hattering at the jail door. A dozen blows shattered it, and a yell went up from the crowd. Congressman Smith, who arrived just at this time, managed to secure the attention of George Sanders, husband of one of the women assaulted, and urged him to go home and let the law take its course. Sanders listened and then started for home. This had the desired effect, and inside of half an hour the court house grounds were deserted.

FIRE IN A STOCK YARDS.

Seven Thousand Sheep Burned to Death at Buffalo, N. Y.

Buffalo, N. Y., Dec. 29.—Seven thousand sheep were burned to death at the East Buffalo stock yards Monday night. The long sheds in which they were confined were swept by the flames before any of the animals could be released. The loss is estimated at \$75,000. It was stated by Superintendent Leight that the fire would in no way interfere with the handling of live stock here. Plenty of space is available in the cattle and hog sheds to house the sheep arrivals.

The sheep were confined in two long sheds, 100 feet in width and covering a total area of 600,000 square feet. Running parallel with them were the hog and cattle sheds. The fire, fanned by a brisk wind, destroyed the two buildings in an incredibly short time.

The sheep destroyed were "exports" and were in charge of federal officers.

Ed Grillo, sporting editor of the Commercial Tribune, president of the association, to succeed Thomas J. Hickey, the latter having resigned to accept a position with a mercantile firm in St. Paul. The election of Grillo was a compromise and was made in order to avoid what threatened to become an ugly fight.

The officers of the association for the ensuing year will be:

President, J. E. Grillo; vice president, Charles J. Strobel, Toledo; board of directors, George B. Lennon, of St. Paul; C. S. Havenor, Milwaukee; Geo. Tebeau, Louisville; T. J. Bryce, Columbus, and W. H. Watkins, Minneapolis.

MILITARY DEFIED.

Attorney John M. Glover, Former Missouri Congressman, Barricaded Himself in Office.

REFUSED TO SURRENDER TWO GUNS

A Squad of Soldiers Was Sent, Surrounded the Building, and Several Shots Were Exchanged.

The Attorney Was Wounded and Then Surrendered—Attorney For Striking Miners Ordered to Leave the Telluride District.

Cripple Creek, Col., Dec. 29.—Considerable excitement was occasioned here Monday by the action of Attorney John M. Glover, formerly a congressman from Missouri, in defying the military, barricading himself in his office and only surrendering after receiving a bullet wound in the arm.

Cripple Creek, Col., Dec. 29.—Col. Verdeckburg, commanding the militia forces in the district, Monday received a letter from Mr. Glover denying the legality of the recent order for the surrender of arms by the citizens. In his letter Glover referred to Gov. Peabody as "A cheap anarchist." He declared that he had two guns in his office and defied the military to take them from him.

Col. Verdeckburg at once dispatched Maj. Naylor with a squad to capture the attorney and his weapons. The lawyer's office was found barricaded and Glover appeared with a revolver, declaring that he would shoot the first man who attempted to break down the door. The place was surrounded by troops and orders were given to shoot the man if he appeared with his gun again.

Later Glover appeared and several shots were exchanged, the attorney being wounded in the arm, after which he was captured.

Telluride, Col., Dec. 29.—Former Attorney General Eugene Engles, of Cripple Creek, attorney for the striking union miners of this district, has, it is reported, been notified that unless he leaves the district at once he will be arrested. He is said to have stated that he will not go and that if arrested he will make no effort to secure bail.

J. C. Williams, vice president of the Western Federation of Miners, was told by Deputy Sheriff Bunnels Sunday night that unless he left town Monday morning he would be arrested. He did not leave so far as known, but his whereabouts are not known at present. There are rumors of wholesale arrests of strikers impending, but nothing is given out officially.

Telluride, Col., Dec. 29.—The cases against the 17 union men arrested last Tuesday on a charge of intimidating the employees at the Tomboy mine were nolleed in the justice court Monday and the bondsmen released from further responsibility. At the recent municipal election in Boston the defeat of the Republicans was overwhelming, the Democrats winning by the large majority in the history of the city. A significant fact in connection with the result is that the negro who was nominated by the Republicans for Street Commissioner ran about 15,000 votes behind his ticket.

Some idea of the railway development of the United States may be gained by the statement that over 5,000 locomotives and nearly 155,000 cars were added to the equipment of the roads the past year. At an average cost per locomotive of \$12,000 the total amount spent by the railroads for motive power would be approximately \$62,000,000. This figure does not include the locomotives which are built yearly by railroad companies at their own shops.

This report of Fourth Assistant Postmaster General Bristow exposing the scandal in the Postoffice Department has been referred to a committee of whom Congressman Overstreet, of Indiana, is Chairman. It is now claimed Overstreet has been guilty of some of the evil practices Mr. Bristow condemns. The Indiana Congressman will see that his interests are protected. Until there is a Democratic administration the people need not expect much to come from this investigation of rottenness in the Postoffice Department. Every move on the part of the Republicans is merely a bluff to hoodwink the people.

SCORE ONE FOR KENTUCKY.

The action of a State in matters which are calculated to have an important influence on its prosperity and progress gets a good deal more attention abroad than many of its citizens are disposed to think possible, remarks the Courier-Journal. The truth is the commercial spirit is so fully developed in modern times that there is continual inquiry as to the progress that different localities are making, and the facilities which they afford for business extension.

An example of this may be found in an article in "Public Policy," Chicago, under the heading, "Kentucky Advanced When Ohio Stood Still." It recites that at the November election both Ohio and Kentucky voted on a taxation constitutional amendment. In Kentucky the proposed amendment received 60,019 affirmative votes and 41,282 in the negative. The Ohio proposed amendment received 362,622 votes in its favor, and 43,562 in opposition, and was defeated, because to be adopted it was required that it would receive a majority of all the votes cast at the election. In Kentucky it is only necessary that an amendment should receive a majority of all the votes cast. The silent vote does not count.

"Public Policy" remarks that the adoption of this amendment enables all municipalities to have a reasonable and fair system, and that it is sure to have an important bearing on the growth of all the cities in the State. It adds:

"Kentucky is now in a splendid position to attract capital. It has wonderful natural resources, in the development of which a beginning has hardly been made, and of which the outside world, and, we may safely add, the people within the State, have little practical knowledge.

"The State is in fine financial condition. It is practically entirely free from debt. It has not been afflicted by walking delegates or labor troubles. It is sure to experience a new impetus in its growth and prosperity, induced by the advanced step it has taken on the subject of local taxation."

ACME OF PERFECTION

IN FOUNTAIN PEN CONSTRUCTION.

Quaker City Self-Filling Fountain Pen

NO DIRT, BLOTS OR SPILLED INK.

FOUNTAIN PEN PERFECTION.

The Quaker City Self-Filling Fountain Pen Fills Itself and Thereby Fills a Long-Felt Want.

[Free Press.]

Any reliable time saver is eagerly welcomed by the modern business man. Probably the most forceful illustration of this condition of things in recent years was the enthusiasm with which the fountain pen was greeted. It seemed to mean the saving of so much time and annoyance for so many people that its sale was simply phenomenal.

But the fountain pen was not by any means perfect and its users soon discovered that the bother was only concentrated, instead of being dispensed with. The finest fountain pen would write indifferently well as long as there was ink in it but, when that gave out our busy man had to stop, unscrew an inky cap, hunt around for a filler and the particular ink recommended by the manufacturers of that particular pen and so on through a long process of annoyance.

The manufacturers of the Quaker City Self-Filling Fountain Pen have overcome all this bother and produce a practical writing tool which is as easy to use as if one were simply writing with the filler needed for the old pen. There is nothing to unscrew, nothing to squirt, nothing to lose or get out of order. Its construction is simple and substantial and the operation of filling is so simple that you wonder nobody thought of it before.

It is merely necessary to dip the pen pressing it slightly, lift up as usual and go on writing. Its capacity is no less than the bothersome kind.

We feel that we are not over-praising the Quaker City Self-Filling Fountain Pen when we say that it represents the acme of fountain pen achievement.

Only fountain pen that never spills ink, never inks the fingers, needs no filler, can be filled from any ink well, anywhere! Greatest gift of the year, for business men, students, school children—all who use a pen!

A GREAT GIFT

\$1.00 BRINGS IT TO YOUR DOOR!

Missing Links!

It is the things that are missing that play havoc with the prices of things that are left. Odd sizes, two or three instead of several dozen of a kind, one color where a gamut of shades reigned, a half dozen yards instead of a bolt—that is about the condition of stocks after the holiday buying.

GIVEN THE LIMIT.

Negro Wife Beater Fined \$100 and Sentenced to Fifty Days Imprisonment.

William Brooke, colored, who was arrested Sunday morning at 1 o'clock by Policeman Senteney on a charge of beating and abusing his wife, was tried Monday afternoon in the Police Court, and was given the limit for such offenses.

Brooks had been in court on several occasions previously, and always asked for a jury. Heretofore they have dealt leniently with him. Monday he again demanded a jury, thinking no doubt he would fare easier at their hands than if he left his case to Judge Whitaker. This was where he got in bad. The evidence was that Brooks had placed his knee on his wife's chest and then struck her several times in the face. The jury was not very long in returning a verdict. They gave him the limit—a fine of \$100 and fifty days in jail.

SANTA CLAUS' DREAM OF DAN COHEN:

Old Santa Clause pondered and scratched his head;
 "What good thing can I do for Maysville?" he said.
 "The people there are good and they're true;
 They deserve something fine and something new."
 So he thought and planned with emotion deep,
 Till at last, so weary, he fell asleep.
 The wind howled and whistled and fast fell the snow;
 The people of Maysville appeared in a row,
 Marching two by two, rich and poor, young and old,
 With feet bare and freezing and bleeding with cold.
 To the sole of a foot there was never a shoe;
 They begged Santa Claus' pity for even a few.
 His eyes filled with tears, he awoke with a start,
 And wondered what angel had entered his heart.

He sprang to his feet, danced and shouted with glee
 "I'll send Dan Cohen to Maysville," quoth he.
 "A gift better far than a Christmas tree—
 A blessing perpetual he surely will be;
 Oh, better, much better, than gay Christmas tree!
 He shall furnish them shoes so good and so cheap
 That careworn mothers will cease to weep
 Over barefooted girls and barefooted boys.
 He shall offer them something far better than toys—
 Shoes for the young and shoes for the old,
 For shy little girls and big brothers bold,
 For little and big and all the 'betweens,'
 By the hand of his Manager, W. H. MEANS."
